

**WRH RESIDENTIAL HOOD****RESIDENTIAL
EXHAUST**

CaptiveAire's new UL 507 listed Wall Residential Hood for non-grease applications includes pre-wired controls, an optional built-in variable speed exhaust fan, and dimmable LED lights. This hood incorporates all of the benefits of a CaptiveAire hood in a residential package.

**Robust Performance**

- Large capture volume contains more cooking effluent
- Removable and washable UL 1046 grease-rated filters
- Simplified controls with automatic fan and light activation based on heat
- Dimmable LED lights
- Integrated variable speed exhaust fan

**Variety of Options**

- Integral variable airflow ECM or 3rd party fan
- UL 300A fire system with electronic detection
- NFPA 101 compliance
- Backdraft damper
- Backsplash and wrappers available

**Fast Shipping**

- Short lead times shipping from 6 regional factories
- System Design Verification ensures proper installation
